#### Introduction

South Central Behavioral Health Region (SCBHR) was formed under Iowa Code Chapter 28E to create a Mental Health and Disability Service Region in compliance with Iowa Code 331.390.

In compliance with IAC 441-25 the SCBHR Management Plan includes three parts: Annual Service and Budget Plan, Annual Report and Policies and Procedures Manual.

The FY2021 Annual Report covers the period of July 1, 2020 to June 30, 2021. The annual report includes documentation of the services provided, individuals served, documentation of designated intensive mental health services, and the costs associated with regional obligations as well as regional outcomes and or accomplishments for the year.

The SCBHR FY21 Governing Board Members:

Ron Bride-Davis County, Chair
Linda Demry-Appanoose CountyJerry Parker-Wapello County-Vice Chair
Steve Wanders-Mahaska County
Danielle O'brien-Adult MH Provider
Lorraine Uehling-Techel- Parent of a child who utilizes Children's Behavioral Health Services
Cheryll Jones-Child MH Provider
Cindy Yelick-AEA

SCBHR Management Plans are available on the SCBHR Website <a href="www.scbhr.net">www.scbhr.net</a> and DHS websites. <a href="http://dhs.iowa.gov">http://dhs.iowa.gov</a>.

### D. Services Provided and Individuals Served

This section includes:

- The number of individuals in each diagnostic category funded for each service
- Unduplicated count of individuals funded by age and diagnostic category
- Regionally designated Intensive Mental Health Services

## **B.** Regionally Designated Intensive Mental Health Services

The region has designated the following provider(s) as an **Access Center** which has met the following requirements:

- Immediate intake assessment and screening that includes but is not limited to mental and physical conditions, suicide risk, brain injury, and substance use.
- Comprehensive person-centered mental health assessments by appropriately licensed or credentialed professionals.

- Comprehensive person-centered substance use disorder assessments by appropriately licensed or credentialed professional.
- Peer support services.
- Mental health treatment.
- Substance abuse treatment.
- Physical health services.
- Care coordination.
- Service navigation and linkage to needed services.

<u>Date</u> <u>Designated</u>	Access Center
5/19/2021	Southern Iowa Mental Health Center

The region has designated the following **Assertive Community Treatment (ACT)** teams which have been evaluated for program fidelity, including a peer review as required by subrule 25.6(2), and documentation of each team's most recent fidelity score.

Date Designated	ACT Teams	Fidelity Score
3/31/2020	RHD	122
4/27/2020	Southern Iowa Mental Health Center	116

The region has designated the following **Subacute** service providers which meet the criteria and are licensed by the Department of Inspections and Appeals.

Date Designated	<u>Subacute</u>
4/27/2020	Southern Iowa Mental Health Center

The region has designated the following Intensive Residential Service providers which meet the following requirements:

- Enrolled as an HCBS 1915(i) habilitation or an HCBS 1915© intellectual disability waiver supported community living provider.
- Provide staffing 24 hours a day, 7 days a week, 365 days a year.
- Maintain staffing ratio of one staff to every two and on-half residents.
- Ensure that all staff have the minimum qualifications required.
- Provider coordination with the individual's clinical mental health and physical health treatment, and other services and support.
- Provide clinical oversight by a mental health professional
- Have a written cooperative agreement with an outpatient provider.
- Be licensed as a substance abuse treatment program or have a written cooperative agreement.
- Accept and service eligible individuals who are court-ordered.
- Provide services to eligible individuals on a no reject, no eject basis.
- Serve no more than five individuals at a site.
- Be located in a neighborhood setting to maximize community integration and natural supports.
- Demonstrate specialization in serving individuals with an SPMI or multi-occurring conditions and serve individuals with similar conditions in the same site.

#### D. Status of Service Development in FY2021

The Region worked extensively to continue service development during FY2021 as well as continuing to improve and refine the services that we have established since regionalization. At the end of FY2021 the region had in place all required core services less Intensive Residential Services and Community Based Crisis Services. Regarding the development of Intensive Residential Service homes the region continues to evaluate the need among residents of the SCBHR region, provider capacity and workforce availability to establish and sustain this service.

FY21 South Central Behavioral Health Region (SCBHR), South East Iowa Link (SEIL) and County Rural Offices of Social Services (CROSS) release an RFP for 5 Children's Crisis Based Residential Beds and Community Based Crisis Services. The RFP was released on December 21<sup>st</sup>, 2021 and was awarded to American Home Finding Associations on March 12, 2021. Projected start date was July 1<sup>st</sup>, 2021.

SCBHR, SEIL and CROSS region developed and executed an Access Center contract with Southern Iowa Mental Health Center with designation taking place May  $5^{th}$ , 2021.

#### E. Outcomes/Regional Accomplishments in FY2021

SCBHR continues to address all areas to include Adult Core, Children Core, Core Plus and Additional Core. I would like to bring your attention to the chart below you will see that the region is indeed meeting all the areas of Adult Core with the exception of Adult Community Based Services. The region is in contracting negotiations to address this core service and plans to implement this service in FY22. Unfortunately, the region has not been able to secure a provider to provide Intensive Residential Services. SCBHR will be working diligently to work with the neighboring regions to identify a provider that is interested in serving SCBHR. As stated in the section D. the region has awarded an RFP and made payment to American Home Finding Association to establish Children's Crisis Stabilization Residential Services and also Community Based Crisis Services. The region does have a contract with YSS for Children's Residential Crisis Beds and has a made referrals however due to the provider not having Chapter 24 accreditation the region is not able to mark this the access standard as met.

	e from Iowa Administrative Rule Chapter 441.25. The health core services is July 1, 2021.	The date that Access	Standards are require
CRISIS: Twenty Four	Hour Crisis Response

#### **Children's Behavioral Health Core Services**

Children's behavioral health core services were established in HF690, and are identified in Iowa Code 331.397A and the Iowa Administrative Rule Chapter 441-25. 1. Regions must implement the following services on or before July 1, 2020 and meet applicable access standards on or before July 1, 2021: assessment and evaluation relating to eligibility for services, behavioral health outpatient therapy, education services, medication prescribing and management, and prevention. 2. Regions must implement and meet applicable access standards the following services on or before July 1, 2021: behavioral health inpatient treatment, crisis stabilization community-based services, crisis stabilization residential services, early identification, early education, and mobile response.

Access Standard	Description	Access Standard Met or Unmet	Explanations for Changes that Have Occurred Over the Quarter
Timeliness:	During an emergency, outpatient	Met

#### **Evidence Based Practices**

According to Iowa Code Section331.397 subsection 6, Regions are to ensure that access is available to providers of core services that demonstrate competencies necessary in providing evidence-based services. Iowa Administrative Rule Chapter 441.25.5(3) lists the following evidence-based services be available in each region: assertive community treatment (ACT), integrated treatment of co-occurring substance abuse and mental health disorders; supported employment; family psychoeducation; illness management and recovery; and permanent supportive housing. Strengths based case management may also be made available.

#### **EVIDENCE BASED PRACTICES-**

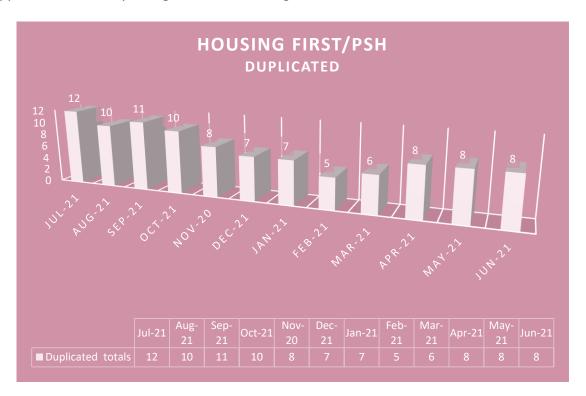

Illness Management and Recovery; In accordance with the regional service contract for the services, Community Health Centers of Southern Iowa worked with an external agency to complete a baseline fidelity review for the evidence-based practice of illness management and recovery. The review was completed in June 2021 and resulted in a score revealing fair implementation to the model. The provider continues to refine and improve practices to move forward adherence to the model.

Integrated Treatment of Co-Occurring Disorders; In accordance with the regional service contract for the services, Community Health Centers of Southern Iowa worked with an external agency to complete a baseline fidelity review for the evidence-based practice of integrated treatment of co-occurring disorders. The review was completed in April 2021 and resulted in a score revealing fair implementation to the model. The provider continues to refine and improve practices to move forward adherence to the model.

Assertive Community Treatment (ACT): Total clients served in FY21 373 duplicated. SCBHR has a contract with RHD and SIMHC to provide ACT services. At current RHD provides ACT to Appanoose County with a fidelity review of 122 and SIMHC provides ACT services to Davis, Mahaska and Wapello Counties with a fidelity review of 116.

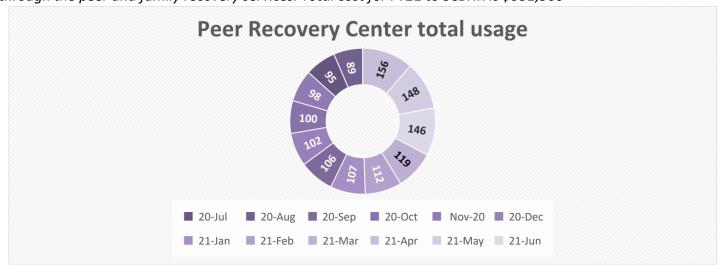

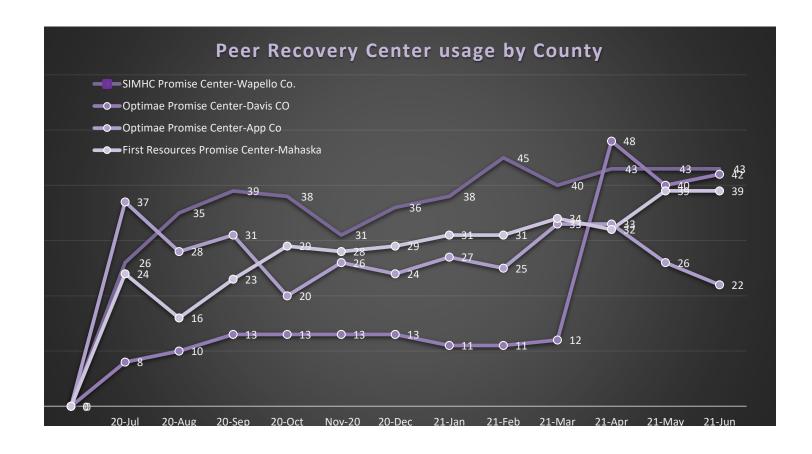

Housing First-Permanent Supportive Housing (PSH)-In FY21 SCBHR offered PSH/Housing First up to 100 (duplicated )clients within our region. The region spent a total of \$54,270 in rent and utilities in FY21. SCBHR provides all case care coordination and funds deposit, rent and utilities. SCBHR works alongside of providers to provide Supported Community Living Services and Integrated Health Home Services

#### **RECOVERY SERVICES-**

Peer Support- SCBHR continues to support local peer and family ran recovery centers in Appanoose, Davis, Mahaska and Wapello Counties. Recovery Centers are operated by Southern Iowa Mental Health Center, Optimae and First Resources. From July 2020 - June 2021 a total of 1378 visits were made by clients and served through the peer and family recovery services. Total cost for FY21 to SCBHR is \$551,566

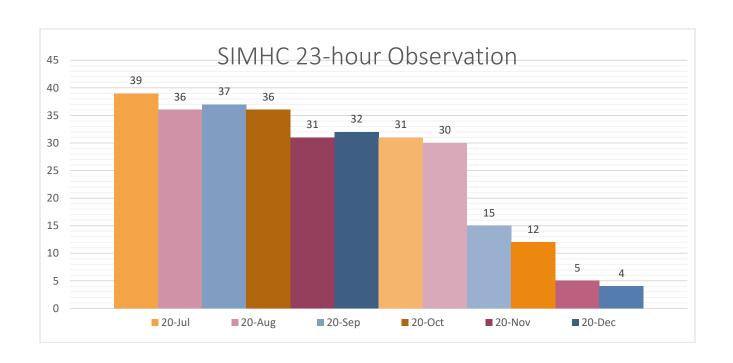

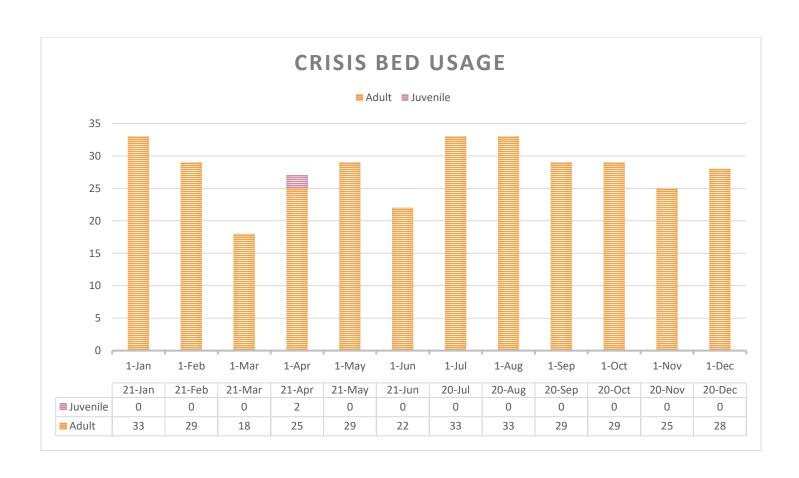

#### ADULT CRISIS SERVICES-

23 Crisis Observation and Crisis Stabilization Residential Services (CSRS)- SCBHR contracts with Southern Iowa Mental Health Center for Adult Crisis Stabilization Residential Services and YSS for Children Crisis Stabilization Residential Services.

The facility serves as a diversion service to mental health inpatient hospitalization. The level of service allows mental health patients who are in crisis because of psych-social issues a short-term bed in the community. The program offers therapy daily by a licensed mental health therapist in addition to a safe place to stay, medication management, connections to region relief funds for tangible help with rent, utilities, transportation, food and other needs as identified.

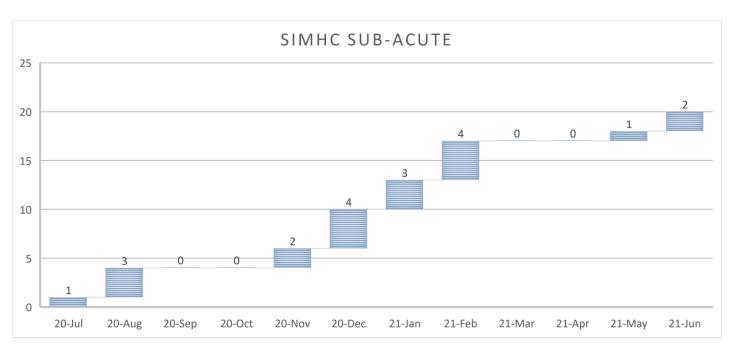

In FY21 a total of 333 total patients were serviced (unduplicated) in either the 23-hour Observation Unit and or the Crisis Stabilization Residential Unit. Total regional dollars spent in FY21 for 23-Hour Observation and Crisis Stabilization Residential Services were \$341,143 (operational costs and fee for service). Average Length of Stay for Adult Crisis Residential Services was 2.89 days, and 23 Hour Observation average length of stay was 17.32 hours. Average age for admission is late 30's and the unit has served 109 homeless persons' (duplicated) in FY21.

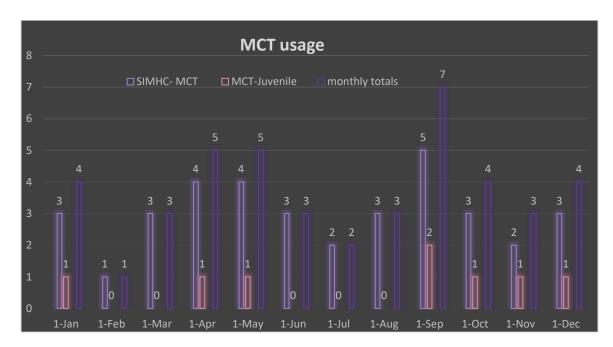

Sub-Acute-means a comprehensive set of wraparound services for person who have had or are at imminent risk of having acute or crisis mental health symptoms that do not permit the persons remain in or threatens removal of the persons from their home and community, but who have been determined by a mental health professional and a licensed health care professional, subject to the professional's scope of practice, not to need inpatient acute hospital services. Subacute is an intensive recovery-orientated treatment and monitoring of the person with direct or remote access to a psychiatrist or advanced registered nurse practitioner. An outcomefocused, interdisciplinary approach designed to return the person to living successfully in the community. Services that may be provided in a wide array of setts ranging from the person's home to a facility providing subacute mental health services, Subacute mental health services are time limited to not more than ten days or another time period determined in accordance.

FY 21 SIMHC served a total of 20 patients in Sub-Acute. 100% of these patients leave with housing in place and discharge on a medication schedule and are established with a prescriber. 62% of admits receive at least one medication adjustment and the average length of stay in Sub-Acute is 16.82 days.

Mobile Response-means a mental health service which provides on-site, face-to-face mental health crisis services for an individual experiencing a mental health crisis. Crisis response staff providing mobile response have the capacity to intervene wherever the crisis is occurring, including but not limited to the individual's place of residence, an emergency room, police station, outpatient mental health setting, school, recovery center or any other location where the individual lives, works, attends school, or socializes.

FY 21 SCBHR spent \$130,037 serving a total of 36 clients. SCBHR continues to contract with SIMHC to provide the MCT service. As compared to FY20 SCBHR saw a significant decrease in the use of MCT. Feedback from SIMHC staff indicate that this is due to them mitigating the use of MCT by de-escalating the crisis by ways of the crisis line. Fy21 SCBHR hired SolutionspointPlus to provide a high-level evaluation of police officers and the use of MCT. The report indicated that the response time was too slow even within the 60 mins, they called prior and did not have success, they didn't feel like they interacted with persons with mental illness and they just forgot about the MCT team. The region is actively looking for opportunities to enhance the use of MCT.

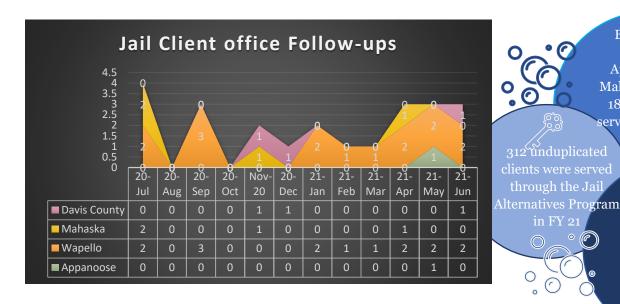

# Justice System Involved Services –

Jail Coordination and Mental Health Services SCBHR Region works directly with member county law enforcement and jails to mitigate the number of individuals with mental illness in jails as well as decrease recidivism.

SCBHR contracts with Southern Iowa Mental Health Center for medication prescribers and therapist in 3 of our county jails Appanoose, Davis and Wapello. Mahaska County in FY21 was contracted with SIMHC and then later switched to Keokuk County Hospital. A total of 1,869 jail services were provided FY21.

The total number of clients presenting to the local community services office(s) (Appanoose, Davis, Mahaska, and Wapello) after release between July 2020 and June 2021 was 23 in FY21. SCBHR has seen a decrease in request for funding for out-patient services and medication some of this could be attributed to the local mental health centers having access to dollars to cover appointments and patients having access to prescription drug programs.

Out of the 312 total clients seen in the jail that were no longer incarcerated and able to follow up (85 situationally unable to follow up) with one or more local providers 45 did so for a total of 20% follow up rate of inmates released.

Between the four county jails of Appanoose, Davis, Mahaska and Wapello 1869 mental health services were delivered in FY 21

> 23 jail clients followed up at local county offices after release and 45 followed up with a local mental health provider

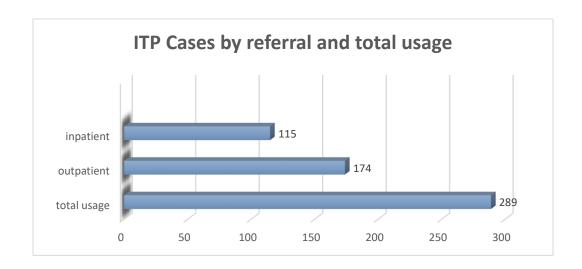

in FY 21

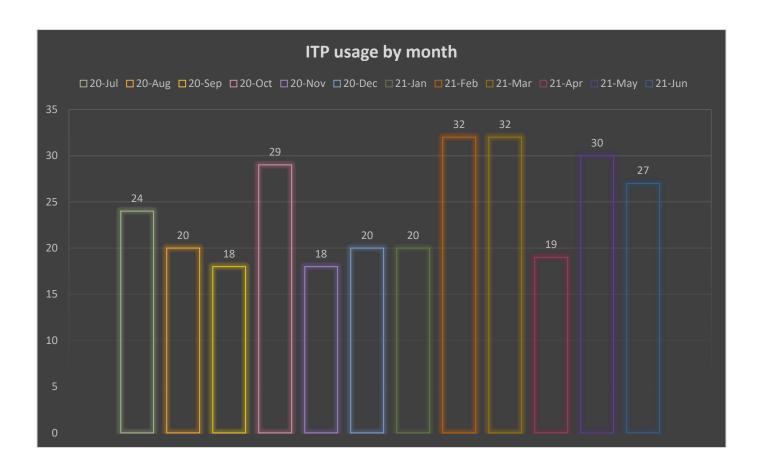

Crisis Invention Training and Mental Health First Aid-In FY 21, SCBHR offered three Crisis Intervention Trainings to Law Enforcement Officers one in October, November and December of 2020 in Wapello County with a total of 45-50 participants. Training was provided by SolutionspointPlus out of San Antonio, Texas.

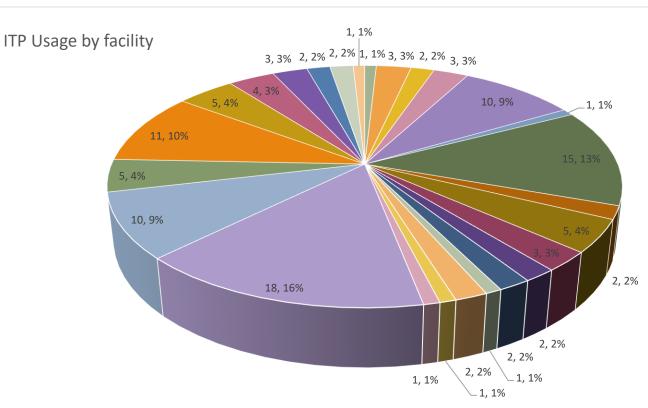

Southern Iowa Mental Health Center s provide MH First Aid Training to providers within the region. The training is offered up to 3x a year for both adolescent and adult MH First Aid Trainings.

FY21 SCBHR was allocated dollars through the CARES training that were requested and approved by the region from both provides and schools included Youth Menta Health First Aid, Mental Health Training (Ethics on Tele-Health), Capturing Kids Hearts Custom Virtual Experience, and Challenge to Change YOGA training.

Pre-Commitment Screenings -The SCBHR region supports pre-screening using tele-psychiatry purchased for the member county hospitals from Integrated Tele-Health Partners (ITP). Tele-psychiatry is a service that links individuals with a psychiatrist via a two-way connection through the internet. In addition to having access to a psychiatrist, ITP also provides bed-finding services for the individuals needing inpatient psychiatric services. In FY21, Appanoose and Mahaska County hospitals had access to ITP services. Since opening the Access Center hospitals also have the option to contact the Access Center via telephone, mobile crisis or telehealth for assessment, evaluation and bed finding services.

33399/33345	SUPPORTED SERVICES	MENTAL ILLNESS	14,103

#### Planning & Consultation (Client)/Planning & Management/Public Education Services

In FY 21 Southern Iowa Mental Health Center received block grant dollars to provide planning and/or consultation services to clients, planning & management (non-client) and public education services. Activities supported through the block grant dollars include clinical staffing meetings held once time weekly to staff clients with medication provider along with consulting with other team members (family, friends, IHH Care Coordinators, etc) to discuss significant concerns and brainstorming treatment options. Clinical Director time allotted for projects within the organization to include accreditation visits; Managed Care meetings, attending stakeholder meeting/committee meeting, etc. Public education services in FY21 included community presentations, human resource meetings within the community, and meeting with community leaders to share service ideas and discuss needs of the community.

One should note that in fY21 CARES dollars was allocated to SCBHR many requests by providers and schools came in the form of public education. A few examples would include social, emotional curriculum, marketing for mental health awareness in the form of brochures, pamphlets, fliers and stickers and marketing for Brain Health.

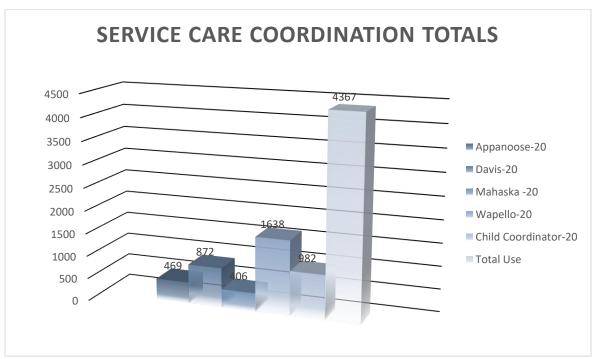

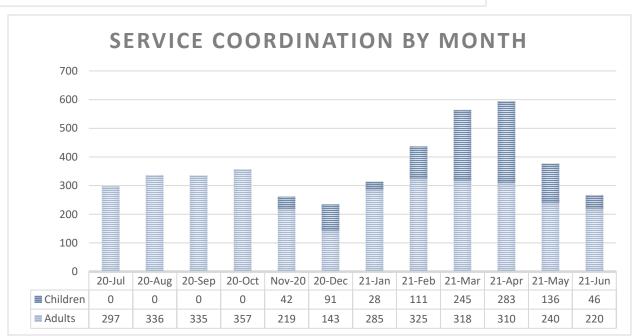

# Region Program Outcomes-

The following section provides information and Service Coordination

#### **Service Coordination**

The following section provides information on Service Coordination. SCBHR is staffed with four local Coordinators of Disabilities Services (CDS) and one social worker housed in Wapello County. Service Coordination is essential in connecting individuals with Mental Health and Developmental disabilities and/or co-occurring diagnoses to resources, services, and supports. This chart represents the face-to-face contact that the CDS/Social Worker has monthly.

# Other Community Living Supports (transportation, basic needs, rent subsidy, payee, guardianship and transitional living)-

Transportation: SCBHR contracts with Central Iowa Juvenile Detention Center (CIJDC) and the Iowa Crime Commission for transportation services. Both agencies assist with Civil Mental Health Commitment transports when requested by the Sheriff's Office. This offers the ability for law enforcement to be able to more expediently return to other duties. Both providers also assist with voluntary transports to and from Hope Wellness Center, Southern Iowa Mental Health Center voluntary hospitalization and discharge needs, as well as other transportation needs receiving prior funding authorization by SCBHR. SCBHR also contracts with public transit providers and other providers for transportation services.

Basic Needs: SCBHR contracts with providers for basic material needs assistance. This assistance allows a provider to receive reimbursement from SCBHR for the purchase of an item on behalf of a client that does not fall under the traditional array of service funding offered by SCBHR. Providers have been able to pay for items such as clothing and car repairs which assist the client in being able to address immediate needs.

Rent Subsidy: SCBHR offers time limited assistance with rent and utilities. This assistance can be helpful as individuals are going through the application process for SSI/SSDI benefits and/or seeking employment.

Representative Payee: SCBHR is a representative payee for up to 10 clients

Physiological Treatment Outpatient- SCBHR does pay for person's need I.Q testing if the patient meets eligibility determination.

Physiological Treatment- Prescription Medications- SCBHR does pay for medications in the community and in the jails for person's meeting the SCBHR eligibility guidelines

#### Collaboration-

SCBHR continues to build collaboration by participating in:

- Resource Collaborations Training (develop common language across stakeholder groups)
  - o Mental Health First Aid (Family, Community Providers, Regions, MCOs, Law Enforcement, Hospitals)
  - Crisis Intervention Training (Community Providers information/support, Regions, MCOs, Law Enforcement)
  - C3 De-Escalation (Community Providers, Regions, MCOs, Law Enforcement, Hospitals)
  - Trauma Informed Care (Community Providers, Regions, MCOs, Law Enforcement, Hospitals)
  - Co-Occurring (Community Providers, Regions, MCOs, Law Enforcement, Hospitals)
  - o SAMHSA Emails (Community Providers, Regions, MCOs, Law Enforcement, Hospitals)

- Police & MH Toolkit (Community Providers, Regions, MCOs, Law Enforcement)
- Resource Collaborations Community Supports (continuing to build community capacity)
  - Tele Psychiatry
  - o Mobile Crisis Response Teams/MH Assessment
  - Jail Diversion/Re-Entry
  - Open Bed Tracking System
    - Crisis Stabilization
    - Crisis Observation
    - Transition Homes
    - Sub-Acute Supports
    - Substance Abuse Services

SCBHR continues to partner with our local South Central Iowa NAMI to bring public education and awareness, family and consumer support, advocacy and family education directly to consumers in our mental health region. In FY21 South Central Iowa NAMI expanded all education and support groups to all four counties.

Adult Advisory's Committee: The SCBHR Regional Adult Advisory Committee is an advisory stakeholders' group that provides for broad representation. The Board consists of members from each county and two Governing Board Directors. One member is a provider, and one member is an individual who utilizes mental health and disability services or is an actively involved relative of such an individual. Two Directors from the Governing Board serve as ex-officio non-voting members. From the Regional Advisory Board, one provider and one individual with mental health and disability services, or actively involved relative of such an individual, serve on the Governing Board as ex-officio non-voting Directors. The Regional Advisory Board met the first Thursday of each month.

Children's Advisory Committee- Children Advisory Committee continues to be held the first Thursday of each month. The Children's Advisory Committee is made up of Parents/Actively involved relatives of a Child who utilities Children's behavioral Health Services, an educator, early childhood advocates, child welfare advocates, children's behavioral health service providers, juvenile court system, pediatricians, childcare providers, local law enforcement and a regional governing board member. All advisory committee vacancies have been filled to meet the obligation of HF690.

SCBHR Regional staff continue to service on multiple community coalitions and participate in projects to including; Rolling Hills Homeless Coalition, Stepping Up, Appanoose County Mental Health Coalition, ITAIC, Love Inc Community Coalition, CPPC, Wapello County Children's Alliance Executive Council, Resilient

Community project, Wapello County Health Communities, and SART/DART Prevention Council (Sexual Abuse response team/domestic abuse response team).

FY21 SCBHR staff was trained in SOAR and is able to now assist homeless clients in applying for Social Security Benefit.

#### **Education and Awareness-**

SCBHR along with other regions partnered with Trilix in 2020 to capitalize on a funding opportunity allowing for marketing efforts on

a statewide scale with the goal to provide education and awareness about the MHDS regions and services. After determining a path to accomplish the agreed upon goals, a plan was developed to launch in early 2021.

#### **GOALS**

Our efforts focused on four goals.

- 1) Develop clear, actionable messages.
- 2) Create tools allowing regions to use MHDS to drive local activity.
- 3) Present a united front to influential, regulatory and legislative audiences.
- 4) Achieve a stable and consistent presence across Iowa.

#### **STRATEGY**

Position MHDS as a one-stop resource for information and assistance with finding local resources.

#### **PLAN**

Our actions were focused in three areas.

- 1) Develop tools.
  - Messages through the website's blogs and social media.
  - Visuals (art/photography/video) assisted in providing a unified brand across the state.
- Communications pieces such as digital media and social media to push MHDS's awareness and message.
- 2) Create pathways for Iowan to interact.
- O Website- Trilix developed a new website for MHDS to allow easy guidance for users as they search for services in their county. The site provides awareness and education about each region and its services. Each region has its own individual page, which provides educational pieces and contact information. The website also hosts monthly blogs, which Trilix works with MHDS to write and provide information all throughout the year. These blogs are then shared on social media to, again, provide education, awareness and drive people back to the website.
- Social media- Trilix developed monthly posts and social ads for MHDS to continue to engage lowans and to educate on services provided in their county, encourage those that need services to find help and give them the proper tools to do so and to provide awareness and education around brain health.

- 3) Build awareness and understanding.
- Blogs- The blogs serve as a tool to inform lowans on a variety of topics such as awareness around brain health (mental health), and they serve as an ongoing resource to educate lowans on programs and services available to them and more.
- o Articles and media outreach- Trilix provided media outreach all throughout the year to continue to find different outlets to tell the MHDS story and share resources with Iowans all
